² Bonus is accrued only for purchases made using Apple Pay/Samsung Pay/Google Pay/Garmin Pay at POS- terminals and on the Internet. Bonus cannot be combined with the Online Shopping Bonus. The amount of bonuses accrued depends on the Non-Cash Turnover on all Cards issued by the Bank in the previous Billing Period. At the same time, at calculating the amount of Non-Cash turnover on the Client's Cards, Retail transactions indicated in the List of Exceptions for which no bonuses are accrued posted on the Bank official website (www.eubank.kz) are not taken into account. These restrictions do not apply to payments made in the Bank mobile app. In case of cancellation (refund) of a Non-Cash Transaction in the current Billing Period, the total amount of Non-Cash Turnover in the previous Billing Period is reduced by an amount proportional to the amount of the refundable Non-Cash Transaction.

Also, at calculating Non-Cash Turnover by Cards, payments made in the Eurasian bank mobile app are taken into account in the Payments section, including those in the Loan Repayment category (monthly payments, partial early repayment, full early repayment), with the exception of payments in the Bookmakers category.

³ Bonus is not accrued at paying for purchases using Apple Pay/Samsung Pay/Google Pay/Garmin Pay.

⁴ Bonus is accrued as follows: in POS-terminals, for purchases made using Apple Pay/Samsung Pay/Google Pay/Garmin Pay, for online purchases regardless of the payment method. The Customer can select 1 of the 7 categories in the Bank mobile app, every 1st (first) day of a calendar month.

⁵ Favorite category, set by default for this type of Card, which is combined with the selected favorite category on the Card.

⁶ Limits on bonus accrual apply per Client, regardless of the number of Cards, including other card products. If the Client has several types of Cards and conducts transactions on them, the maximum bonus limit is defined as the difference in limits between the Card with the highest limit and the limits actually used by other Cards. For additional Cards, bonuses are accrued to the bonus account of the basic cardholder.
